Volker Gries, ANOVA Multimedia Studios GmbH

Partner: ANOVA Multimedia Studios GmbH

What we do?

- Content Development

Volker Gries, ANOVA Multimedia Studios GmbH

What we do?

- Tools for content production and e-learning

<http://www.cobilot.de/>

What we do?

- Coaching and teaching:
 - Train-the-Trainer Courses
 - How to implement e-learning into an organisation?
 - How to develop an e-learning application (content)?
 - How to setup an educational scenario supported by computers and the internet(e-learning)?
 - How to find an appropriate learning environment or development platform?
 - How to write a storyboard for an e-learning application?
 - How to code a content in HTML/ flash etc.
 - ...many other topics in that field

Our Focus in this project?

- To get in contact to educational organisations from other countries
- Networking, to learn from other and to publish the ideas and knowledge we have, to exchange experiences, develop new ideas to improve our own activities and practise
- Learning by Doing, (social skills, cultural understanding and workplace communication codes and to transform this knowledge into good guidance, teaching and training practice)
